BURNING MOTOR CAR

CAUSED A PANIC THIS MORNING. FIRE ENGINES PURSUED IT MORE THAN A MILE.

CHICAGO, July 22.—Pursued by a fire engine for over a mile, a burning motor car on the Douglas Park extension of the Metropolitan Elevated Railway early this morning caused a panic and excitement among the patrons of the road. The car caught fire from the motor and the train was stopped at Aberdeen street, where the passengers were unloaded in a hurry. While the crew was detaching them from the train it started away all aflame. Meanwhile a fire alarm had been turned in and the engine responding found its intended object speeding down the tracks. Pursuit was given but the car dashed by the stations with people enroute to work, the flames shooting out in sheets and did not stop until it reached a buffer just across the river in the downtown district, where the firemen attacked it.

Infant Child Dead.
The infant child of Mr. and Mrs. J. E. Robinson, of the First ward, died this morning, of whooping cough. The remains will be buried to-morrow morning at Mt. Nebo by Undertaker Jones.

THE BIG STRIKE DECLARED ON AGAIN

(Continued From First Page.)

the agreement. These same tactics are being used this morning all over the country."

The strikers, when they appeared at the packing house this morning, carried their tools and overalls and were in fine humor, expecting to be taken back at once.

They found that the packers expected to take back only small portions of them to-day, and the smiles changed to frowns.

A committee was quickly appointed and was sent to interview Superintendents Shaw and Pierce, of Armour & Co.

The committee returned with long faces and reported the situation. Howls of rage went up and the packers were cursed roundly. Then the great army of strikers turned and filed out of the yards. The new strike places the packers in worse plight than ever, for practically all of the non-union men have quit, fearing to remain and face the returned strikers.

Those who did come back received quiet warnings that there would be trouble.

President Donnelly, at 8:30 o'clock, sent his second telegram to officers of the various packing trades councils throughout the country. It read: "Packing companies have violated the agreement by discriminating against our members. Order strike again in all departments. Keep your men orderly. Wire answer immediately."

"DONNELLY."

The men walked out of the yards rejoicing.

The cattle butchers were pleased to have the conflict renewed.

They disapproved of the peace agreement and condemned Donnelly for consenting to its terms.

This morning delegations from the various plants went to the union headquarters and congratulated their leader on his action in calling out the union for the second time.

While there had been no disorder of moment up to 10:30 o'clock, it was quite evident that the temper of the strikers was one bordering on actions of violence, and unless the packers' statement is of a soothing nature, it is expected that trouble soon will follow.

BRYAN STILL ON TOP

HE WILL NOW PROCEED TO ORGANIZE THE RADICAL AND PROGRESSIVE ELEMENT OF THE PARTY.

LINCOLN, Neb., July 21.—W. J. Bryan's plan for the reformation of the Democracy was given publicity to-day. In it Mr. Bryan favors radical changes but advocates the election of Judge Parker for President, as a good beginning. He declares for State ownership of railroads, government control of telegraphs and abolishment of private monopoly, and favors the income tax and election of federal judges by the people. Mr. Bryan says in part:

"My selection as standard bearer of the Democratic party in 1896 and again in 1900, made me the nominal leader of that party, and as such I did not feel at liberty to engraft new doctrines upon the party creed. I contented myself with the defense of those principles and policies which were embodied in the platform."

"Now that the leadership devolves upon another and I bear only the responsibility that each citizen must bear, namely, the responsibility for my own opinions, my utterances and my conduct, I am free to undertake a work which until now I have avoided, namely, the work of organizing the radical and progressive elements in the Democratic party."

SMALLPOX SITUATION

In Fairview—A Card From the Mayor.

Editors West Virginian:

The smallpox situation in Fairview at the present time looks considerably better than at any time since we have had the first of it. I do not think there is a contagious case inside of the corporation at the present time and only one person held up under quarantine and he has been successfully vaccinated three times in his career of about 35 summers. We have eight people at the hospital, two having the disease, the others not having taken it as yet. If no new cases break out in the town I think it will soon be over with. All houses in which a case of this disease has been, are being fumigated with formaldehyde gas. Of course there are some very large stories going about the situation here and it has damaged the business of the town to a considerable extent. I think most everything has been told except the truth.
